

OFFICE ANGELS®

WORKINGYOURPASSION™

Be honest—are you working with passion or just working?

- Do you jump out of bed when the alarm clock goes off, knowing the day holds adventure, challenge and satisfaction?
- Did you know that 80% of adults working in large organizations say they're not using their strengths in their everyday jobs?
- Why is it that the longer an employee stays with an organization and the higher he climbs the traditional corporate ladder, the less likely he is to strongly agree that he is playing to his strengths?

Forget what "everyone" is saying about the job market and global recession. Now is the time to find your dream job even if you have to switch careers to do it.

How do you know where to start?

You don't have to—Beth does and she has an impressive success rate to prove it.

Don't believe us—here's what two of Beth's former clients had to say:

"I just landed my dream job! The smartest thing I did was hire Beth with Office Angels who re-wrote my resume and, even more importantly, coached me on what to do and what not to do to get my dream job. She helped me to know where to go to look and then she coached me on every aspect of the interviewing process. I felt extremely well prepared and competitive—thanks to Beth." ~Jan D. Geiger

"I am writing to you today as I am compelled to share my amazing experience working with Office Angels' career coach, Beth Dowd. This has probably been one of the best decisions I have ever made!

Beth helped me develop an outstanding resume that I am so very proud to have. She coached me through interviewing techniques (both phone interviews and face-to-face) and helped tremendously in understanding salary negotiations. She guided me through the murky waters of finding a job in the crazy economy we currently have. She offered advice, support and encouragement that I could always rely on as we navigated towards a job solution. I am very happy to report that I start on a new career adventure with a large healthcare company. There is no doubt in my mind that I could have achieved this success without the help of Beth. I will forever be grateful and honored to have had the opportunity to work with her." ~Ian King
